The Luxury
Biocosmetology

WHEN COSMETICS ARE NOURISHED BY OUR OWN ESSENCE

HUMANS ARE TWO-THIRDS WATER. THE WORLD AROUND US WOULD NOT EXIST WITHOUT THIS LIQUID ELEMENT THAT CONSTITUTES ALL LIVING THINGS IN OUR ECOSYSTEM AND GENERATES THAT PERMANENT TRIBUTE TO MOTHER NATURE THAT IS LIFE.

What if we could put the balm of universal life inside a bottle? An exceptional beauty fluid for all skin types, regardless of gender, ethnicity or age? What if we could use that magic panacea to live in harmony with everything around us and ourselves?

The new Seaskin cosmetic range makes that dream possible. Each of its balms is a concentrate of organic active ingredients that penetrate our skin and help us achieve wholeness. The wisdom of plants, the vitality of the oceans and the perfection of the ancient elixir from hives, melt into a silk embrace that wraps around all our being and restores its original essence.

THE LATEST INNOVATION IS TO RESTORE NATURE IN ITS PUREST FORM

OUR COSMETIC LABORATORY, LOCATED IN
BARCELONA, BOASTS 40 YEARS OF EXPERIENCE
IN THE ARTISANAL MANUFACTURE OF CREAMS,
LOTIONS AND BALMS.

This wisdom, accumulated after extensive research and thorough investigation, has allowed us to develop novel formulas which incorporate the most advanced cosmetology technology.

The latest generation of biocosmetics recoups the pharmacopoeia of Greeks, Egyptians, Ayurvedic *dhanwantaries* and Arab and Chinese naturopathics in a rich cosmetic journey around the world. Inspired by this valuable and multicultural ancient heritage, and improving it with the latest technology, our laboratory selects the best ingredients and concentrates its organic active ingredients to optimize their effectiveness.

MAXIMUM CONCENTRATION OF ACTIVE INGREDIENTS

WHY CHOOSE IF YOU CAN HAVE THEM ALL?
OTHER COSMETIC BRANDS LIMIT THEIR
ORGANIC ACTIVE PRINCIPLES TO ONE OR TWO
IN EACH TREATMENT RANGE.

100% ORGANIC, 100% EFFECTIVE

ALOE VERA

This active analgesic, anti-inflammatory and regenerator, penetrates deep into the three layers of the skin -epidermis, dermis and hypodermis- and expels bacteria and fatty deposits that clog our pores.

CHAMOMILE

Used by Egyptian priests to calm nervous disorders, chamomile cleanses, protects against microbes and is a powerful anti-inflammatory.

AVOCADO

This fruit so prized by the Maya and Aztecs is rich in vitamins D and E, which stimulate the formation of collagen. It is an excellent balm for treating eczema, dermatitis and all types of skin conditions, as well as having emollient and anti-inflammatory properties.

CALENDULA

The beautiful calendula is also known as 'wonder', perhaps due to its amazing antiseptic, antibacterial, dermoprotective, disinfectant and fungicidal qualities when applied to our skin.

But SeaSkin is not like the others. Each container of our magical elixir contains up to 14 different natural active ingredients to achieve excellence in the desired effect: retaining the freshness and youth in every pore of our skin and achieving maximum plenitude.

FUCUS

Fucus is a seaweed rich in iodine and contains amino acids, vitamins, minerals and oligoelements with very beneficial effects for our skin. Activates cell metabolism and helps expel toxic elements.

HAMAMELIS

The leaves of this plant were widely used as an ingredient in healing ointments of North American Indians to heal wounds, bruises and insect bites and for sore bones, muscles and joints.

OATS

Cultivated by the ancient Egyptians on the banks of the Nile, oatmeal is an effective active ingredient for cleansing and toning our epidermis, as it respects the film that covers it.

ORCHID

The most long-living flower, its petals are kept fresh for months, making it an ideal active ingredient to delay skin aging. The orchid provides protection against photo aging and stimulates cell regeneration. Additionally, it stops spots and skin changes.

PLANKTON

The marine organisms that make up the plankton community constitute a regenerative active ingredient that stimulates the skin's natural defenses against external aggressions and provides the essential nutrients you need.

PONGAMIA

Oil and juice are extracted from the fruits and seeds of the *pongamia pinnata*, a tree from India, which provide very beneficial properties for the skin. It is a tree species with a positive environmental impact, is drought resistant and does not require nitrate-based fertilizers.

PROPOLIS

For 100 million years, bees have protected the walls of their hives with the powerful propolis with which they fight bacteria, viruses and fungi in the most effective manner. Propolis is a powerful antioxidant and healing agent with anti-inflammatory, analgesic and remineralizing action.

ROYAL JELLY

This ingredient, secreted by nurse bees, is rich in vitamins A, B, C and E, minerals, unsaturated fatty acids and amino acids. It is an excellent activator of the immune system and helps fight skin diseases, besides being an effective active rejuvenator.

ST. JOHN'S WORT

Even in the 5th century BC, Hippocrates prescribed St. John's Wort for its beneficial effects on the mood of his patients. Today we also know of its antiseptic, astringent, healing, moisturizing and emollient properties.

SEASKIN DAILY BEAUTY RITUAL

PURIFY

CLEANS, REFRESHES AND
TONES THE SKIN IN DEPTH WITH
ESSENTIAL OILS AND NATURAL
EXTRACTS.

Fluid purifying cleanser with calendula, St John's Wort and propolis

Cleans, conditions and even makes
water resistant impurities disappear.
This delicate biological liquid is an
exquisite cleansing oil that spreads
over the face, emulsifies with water
and gently removes impurities
leaving skin soft and fresh.

Purifying and mattifying cleansing lotion with calendula, orchid and propolis

Highly purifying bio-cleansing lotion
with calendula, orchid and propolis.
Conditions, purifies and perfectly
prepares the skin for further action,
ready to achieve optimum effects
from the vitis vinifera, ginkgo biloba
and royal jelly.

RENEW

STRENGTHENS AND REBALANCES
THE SKIN WITH POWERFUL
ANTIOXIDANT PROTECTORS.

**High-potency antioxidant
and neutralizing facial serum
with vitis vinifera, ginkgo
biloba and royal jelly**

The liquid gold from the SeaSkin line is practically magical: a biological balancing facial serum, for daily use, with a surprisingly volatile feel and intense ocean blue color. Nourishes, moisturizes and renews the skin, providing the luminosity of a sunny diaphanous morning. Like a fine mist of powerful, highly moisturizing active ingredients that helps the skin recover from fatigue, providing clarity, elasticity, firmness and nutrition.

ILLUMINATE, NOURISH AND RENEW

BALANCES, HYDRATES, FIRMS AND REPAIRS THE SKIN. HELPS IN ITS NATURAL 28 DAY REGENERATION CYCLE TO RESTORE ITS VELVETY SOFT AND SMOOTH APPEARANCE.

Moisturizing, firming and restoring anti-aging face cream with sweet almond, Vitis Vinifera and Propolis with SPF 20

Regenerating cream especially designed for softer, firmer and more luminous skin in just four weeks. Its *anti-aging* action prevents premature aging and wrinkles.

Moisturizing, firming and restoring body emulsion with aloe vera, fucus and honey

Firms, sculpts and slims thanks to the Ayurvedic firming complex composed of *coleus forskohlii* and *commiphora mukul*, which, together with *fucus* extract and *gingko biloba*, combat water retention, stylize the silhouette and accelerate fat consumption.

PROTECT

PREVENTS PREMATURE AGING
OF THE SKIN THROUGH NATURAL
SUNSCREENS.

**Sunscreen Emulsion
with pongamia, avocado
and propolis**

Highly resistant to water

Evanescent formula with
pongamia, calendula and propolis
that protects the skin from UVB
and UVA rays while moisturizing
and firming.

**Sunscreen Emulsion
with pongamia, avocado
and propolis**

Highly resistant to water

Evanescent formula protects skin
from UVB and UVA rays while
moisturizing and firming.
Spreads easily, giving
homogeneous and translucent
coverage and a silky tan.
